**Just a Reminder -
You're Invited to a Fracking Film Night
(and SCOPE Meeting)
THURSDAY Oct. 17th 7PM-9PM
at [Vincenzo's Pizza](#)
(24504 1/2 Lyons Ave. Newhall)**

**to view "Gasland", the movie
and discuss how fracking might
affect our community**

What's all the fuss about this new gas and oil
extraction technique?

Hear why SCOPE is concerned that [recent
legislation](#)

may not have gone far enough
to protect the public.

Join in the discussion.

The Santa Clarita Valley has many oil wells that have been subject to "stimulation". SCOPE believes that we need safeguards to ensure that the public and our water supply is protected. Hope to see you there!

Court Hears Arguments on First Phase of Newhall

Ranch A Norwalk Judge spent five days earlier this month hearing detailed oral arguments from attorneys for SCOPE and other plaintiffs as to why Lennar's environmental documents for this project were inaccurate and should be rejected. He will now issue a tentative decision and has informed all parties that he intends to take further oral

decision and has informed all parties that he intends to take further oral arguments on that matter before proceeding to a final decision. If you would like to attend this hearing, just let us know, and we'll send you ride share details.
